

HOST A CLINIC!

Microchipping clinics are a great way to help pets in your community. You can offer microchipping during your next rabies clinic or hold a microchipping clinic as part of a fundraiser or open house event.

CONSIDER A DRIVE THRU!

Talk to your County Manager or local school's Principal about hosting a weekend drive through clinic at their facility. Because of Covid testing and carpool drop-off lanes, locations like these are already staged to help you run your next AKC Reunite Microchipping Clinic with ease — keeping pets safe and contained!

GETTING STARTED

- SECURE STAFFING, AT LEAST 3-4 PEOPLE
Two people to handle microchipping: one person to hold the animal and one to implant the microchip. AKC Reunite recommends that microchips be implanted by, or under the direct supervision of, a veterinarian. Check your local and state laws for compliance. Other team members can help answer questions and manage payment and paperwork.
- IDENTIFY MICROCHIPPING CLINIC LOCATION, DATE AND HOURS
- DETERMINE COST OF SERVICE AND PAYMENT TYPES ACCEPTED
- PROMOTE EVENT AT LEAST FOUR WEEKS IN ADVANCE
- For promotional ideas go to www.akcreunite.org/clinics
- ORDER MICROCHIPS AND MAKE SURE YOU HAVE PLENTY OF ENROLLMENT FORMS AND RECOMMENDED SUPPLIES
